

March 25

Goal: Figure out new requirements and divy out tasks to complete them.

Tasks:

Zach, Chase: Implement support for old 4 digit files

Elliot, Sean: Expand application to support 250 lines and allow multiple files to be opened in the app at once.

Issues: N/A

Progress N/A

April 1

Goal: Make sure we are on track to have our tasks finished in time for the deadline.

Tasks:

Zach, Chase: Implement support for old 4 digit files

Elliot, Sean: Expand application to support 250 lines and allow multiple files to be opened in the app at once.

Issues: N/A

Progress: Decided on format for converting files and setup program to accept 250 lines.

April 8

Goal:

Zach, Chase: Implement support for old 4 digit files

Elliot, Sean: Expand application to support 250 lines and allow multiple files to be opened in the app at once. Add new requirements to SRS.

Tasks: Cleanup code and ensure everything is working as it should.

Issues: N/A

Progress: Finished adding support for multiple tabs and converting files.
